Addendum Number 1 to Request for Proposal for Digital Signature Solution

Commodity or Service: Digital Signature Solution

RFP Initially Released: Tuesday, July 12, 2016

Georgia Lottery Purchasing Contact: Bill Tucker

Original Proposal Due Date: August 19, 2016 Time: 5:00 P.M.

The following information is made a part of this Request for Proposal:

Please be advised of the following as they relate to the Digital Signature Solution RFP:

- 1) The quote **Due Date has now been changed to Friday, August 26, 2016** rather than the previously stated due date of Friday, August 19, 2016.
- 2) Additional follow up question related to Question #26 on the Q&A's forwarded to all RFP recipients on Friday, August 12, 2016 as follows:
 - a. **Original Question:** Does the Georgia Lottery desire to have a true digital signature solution or electronic? (Information regarding differences was requested by the panel during the pre-bidders conference call on Monday, 7/25/2016.) **Answer:** Digital
 - b. **Follow-up Question:** Based on the answer to question #26 above – GLC requires using digital signatures. Do you intend to use digital certificates currently purchased/owned by the State of Georgia certificate authority, or, is the GLC interested in utilizing digital certificates provided by your chosen signature vendor? **Answer:** We would prefer to use our own Certificate Authority if that does not impact functionality. (External users would not trust our CA) If it is external or cloud based then we might need to purchase the certificates.
- 3) **New Question:** Would it be ok with the GLC if we list in the quotation, some items as “quotation postponed, assessment required” and some others as “this price is only indicative and not binding”? **Answer:** A firm may indicate that an associated cost may not be applicable if the GLC already possesses/owns the specific line item.

NOTE: A signed acknowledgement of this addendum MUST be received by this office, along with your proposal, by the revised due date and hour as stated in this RFP Addendum.
